ANNUAL REPORTS OF THE
TOWN OF
BOSCAWEN
NEW HAMPSHIRE

THE OLD BONNEY TAVERN

FOR THE YEAR ENDING
JANUARY 31, 1942

CHARLES WESLEY CARTER

DIVISION OF MUNICIPAL ACCOUNTING

STATE TAX COMMISSION

CONCORD, NEW HAMPSHIRE
February 27, 1942

BOARD OF SELECTMEN
Boscawen, N. H.

Gentlemen:

In accordance with the request, as expressed by a vote taken at the annual meeting in March 1941, an audit and examination has been made by this division of the accounts of the town of Boscawen for the fiscal year ended January 31, 1942, a report of which is submitted herewith. Schedules as hereafter listed are included as part of the report.

Scope of Audit

The accounts and records of the following officials were audited, — viz.: Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Treasurer, Municipal Court Justice and Trustees of the Trust Funds.

Statement of Indebtedness, Valuation and Taxes

In order to show the trend during the last ten years and for purposes of comparison, this statement showing the Outstanding Notes, Net Debt, Assessed Valuation, Tax Levies, Uncollected and Unredeemed Taxes and the Local Tax Rate as compared to the Average State Tax Rate, for the fiscal years from January 31, 1933 to January 31, 1942, is presented as Schedule A.

Comparative Balance Sheet

A comparative Balance Sheet for the fiscal years ended January 31, 1941 and January 31, 1942, is contained in Schedule C. It will be noted that during this period the Net Debt of the Town increased by \$4,677.12.

Summary of Receipts and Expenditures

A summary of receipts and expenditures for the fiscal year ended January 31, 1942, prepared in accordance with the uniform classification of accounts is included in Schedule D.

Comparative Statements of Appropriations and Expenditures Estimated and Actual Revenues

An analysis of appropriations and expenditures and estimated and actual revenues is made in Schedules E and F, respectively. A net overdraft of appropriations of \$1,414.64, and a net excess of actual over estimated revenues of \$1,339.80, resulted in a Net Budget Deficit for the year of \$74.84.

Accounts of Selectmen and Treasurer

Vouchers issued by the selectmen during the fiscal year ended January 31, 1942, were examined as were also the supporting invoices and road agents' payrolls. The cancelled checks of the treasurer, issued upon orders of the selectmen, were compared with the vouchers and found to be in agreement. The receipts of the treasurer were checked by source insofar as it was possible to do so. Totals of receipts and expenditures were verified. The balance of the former treasurer was reconciled as of March 18, 1941, and a statement of reconciliation appears in Schedule G. A summary of the current treasurer's activities and reconciliation of balance as of January 31, 1942, is contained in Schedule H.

In examining the vouchers it was discovered that in some instances supporting invoices were missing. These included a payment to the Searles Construction Company of \$1,000 and the Manchester Sand and Gravel Company of \$626.50.

It was also noted that in many cases payments made to the Socony Vacuum Oil Company were not supported by the charge slips indicating the purchaser and material purchased. It was furthermore noted that among the charge slips which were on file and which were examined by the auditors, many were signed by Selectman Fairbanks with no designation as to whether the supplies purchased were for town use or

otherwise. The fact that numerous slips were issued by a Tilton dealer emphasized the lack of information as to the purpose for which such supplies were purchased.

During the month of February 1941, Mr. Fairbanks acted as supervisor for a W.P.A. Project in the town of Boscawen. In this capacity, although the project was only in operation four days a week, Mr. Fairbanks during each of the weeks ended February 8th, 15th, 22nd, and March 1st, was paid \$30.00 per week, or on the basis of a six day week, at \$5.00 per day.

Another inconsistency was discovered in the comparison of payrolls of the town and the water precinct. During the period for the weeks ended March 8th to December 13th, inclusive, Mr. Fairbanks was regularly paid by the precinct for supervision of water works construction. In all except three weeks during this time he received a salary of \$30.00 per week. During two weeks he received \$25.00 per week and in one week \$20.00. Nevertheless in eleven different weeks during the above mentioned period Mr. Fairbanks was also paid varying amounts by the town for different types of work. The detail of these payroll accounts is contained in Schedule S.

Taxes

The tax warrants of Collector Reardon for the levies of 1941, 1940, 1939 and 1938, were audited and balanced. Summarized statements of these accounts appear in Schedules I, J and K and L, respectively. Verification notices were sent to all taxpayers whose names appeared on the Collector's delinquent lists.

The Collector's tax sales records were also examined and a summary of the activity during the year in these accounts is included in Schedule M.

Town Clerk

The total amount of motor vehicle permits and dog licenses issued during the fiscal year was ascertained. Remittances to the treasurer were sufficient in amount to cover all permits and licenses issued. (Schedule O).

Municipal Court

The accounts of the Municipal Court were audited and a summary of the receipts and disbursements of Judge Reardon for the fiscal year is contained in Schedule P.

Library Treasurer

The record of receipts and expenditures of the treasurer of the library was examined and cancelled checks of the treasurer corresponded with cash book entries. The balance as of January 31, 1942, was in agreement with the reconciled bank balance.

Trust Funds

The invested principal and unexpended income of the trust funds was accounted for by an examination of the various bank books representing funds on deposit in the New Hampshire Savings Bank. Withdrawals of income during the year were checked and the cash in the hands of the trustees, as of January 31, 1942, verified by actual count. (Schedule R.)

Surety Bonds of Town Officers

The surety bonds of the town officers who are required by law to furnish such bonds were examined and found to be written in the approved form and for sufficient amounts. It is recommended, however, that the road agents furnish bond as is required by law.

General Comments

That there has been some laxity in the administration of town affairs has heretofore been stated in this report. It is our recommendation that in the future the entire board of selectmen carefully scrutinize each invoice or payroll and make certain that it represents a legitimate claim against the town before giving their approval for payment.

The accounting records of the town officers, with exceptions as noted herein, were found in good condition and the procedure in accordance with the uniform system of accounts prescribed by the Tax Commission.

The outstanding indebtedness of the town as of January 31, 1942, of \$12,000.00, which is reported in the balance sheet under the heading of "Long Term Notes," is not actually in the form of long term notes but rather is represented by short term notes which are re-issued from time to time.

It is recommended that these notes, in the amount of \$12,000.00, be refunded by the issuance of serial notes or bonds in order that definite provision for the retirement of this indebtedness may be made.

This refunding procedure may be accomplished under the provisions of Chapter 154 of the Laws of 1941. It will be necessary, however, for the voters at the annual town meeting this year to give their approval to such action.

Yours very truly,

HAROLD G. FOWLER, *Director*

FOREST FIRE WARDEN'S REPORT

The 1941 fire season was the worst on record in the State of New Hampshire. More fires occurred, more area was burned over, greater damage was done to our woodlands, higher losses were sustained in other real property burned and the cost of suppressing fires was greater.

There will, perhaps, never be more ideal conditions for fire than existed in 1941. A scarcity of rain left the forests in a highly inflammable condition. The accompanying high winds spread fires with almost lightning rapidity through the parched forest lands. These conditions, coupled with human carelessness, made 1941 outstanding in the state's forest fire record.

As we approach the 1942 fire season, we wonder just what may be in store for us. The woodlands are in as critical condition as they were last year, if not more so. Blown down trees still clutter sizeable acreages of our woodland areas; the increased tempo in lumbering operations due to war demands are each day, adding to the fire hazard an ever increasing number of acres of slash land; and we face the coming fire season with greatly reduced personnel, due to the shifting of men from our small communities into the armed forces of the country and into defense industries. If, however, everyone will be careful, if they will follow the rules and regulations laid down for the use of fire in and around woodlands, much of our difficulties will be eliminated—our fires kept few in number with a consequent saving of expense to town and State.

There are so many possibilities for trouble this year it will require the whole hearted and patriotic cooperation of everyone concerned if we are to avoid serious difficulties. Persons hostile to the best interests of our country and subnormal individuals affected by the excitement of the times may easily cause tremendous confusion and disruption of local activities by deliberately starting fires in our woodlands. Suspicious circumstances connected with every fire

should be made known to the proper authorities. Wardens and Deputies are being instructed this year to investigate all fires carefully. Parties at fault will be held strictly responsible. With our forces weakened, it becomes more necessary for everyone to comply with regulations which have been set up to govern the use of fire in our woodlands. These are briefly as follows:

1. Secure a permit from your local forest fire warden to burn brush or other debris in or near woodlands, or where fire may be communicated to such lands, once the snow has left the ground. Violation of this requirement makes the responsible party liable.
 - a. To a fine not to exceed \$500.00 or imprisonment of not more than one year or both.
 - b. To the town for expenses incurred by the warden in attending or extinguishing such fire.
 - c. For damage to abutting owners if fire runs upon abutters' property.
2. DON'T drop or throw from any vehicle while same is upon a public highway or private way and DON'T drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes, or any other substance liable to cause a fire. Violation of these prohibitions penalizes whoever is found guilty with a fine of not more than \$25.00.
3. DON'T fail to promptly notify your local warden of any fires you see.

The 1941 fire record for Boscawen is as follows:

Number of fires	1
Acreage burned	5
Cost of suppression	\$87.51
Number of permits issued	97

Vacation reading clubs were conducted as usual, with 10 registering at Boscawen and 24 at Penacook. The annual book week observance was held. The Penacook party being held at the Main St. school, and the Boscawen gathering at the Town Hall. Rupert Moore of Gerrish presented moving pictures on the "Story of Wool", with a comedy cartoon. Certificates and awards for vacation reading clubs were also presented. The boys and girls of the first and second grades of the Main St. school of Penacook were entertained with stories told by Miss Vannah of the Concord City Library.

Penacook and Boscawen Congregational churches enrolled in the Congregational Christian Reading Contest.

Circulation this past year has been 15,833. Adult fiction, 7,791; non-fiction, 1,526; juvenile fiction, 3,514; juvenile non-fiction, 1,845; magazines, 1,157.

Through the services of the Federal workers, Mrs. Ethel E. McGrale and Mrs. Ada E. Coulson, the following has been accomplished: 1941 supplement completed, 1,436 books mended, new non-fiction books listed for State Library Union List, posters made for special exhibits, classified and filed all historical material pertaining to Boscawen.

270 books have been added, 45 by gift; 225 by purchase. We wish to express our thanks to the donors, Mr. and Mrs. William Saker, for 29 volumes of fiction; Mrs. A. C. Alex-

ander, Caroline M. Young, Mrs. Belle Tabor and Boscawen Woman's Club. We also appreciate the gift of a Flag from Mr. and Mrs. John L. Emerson of Penacook. The Boscawen Public Library received for the Penacook Branch \$50.00 from the Thornton Fund for the purchase of worthwhile books for boys and girls. These books to be known as the Thornton Bookshelf.

Additional equipment to the Penacook Branch: a children's table, the gift of Mr. and Mrs. Cecil P. Grimes, and a small book case donated by the Torrent Hose Co., two new book cases purchased, also ten small chairs for use around the children's table.

A new magazine rack has been purchased for the main library. The librarian, Mrs. Marjorie Emery served as State Director for the National Victory Book Campaign, and Mrs. Ethel McGrale as local director. Boscawen citizens have given very generously — the contribution to date being 204 books.

The librarian attended the district meeting of the State Association at Franklin, also the New Hampshire Library association meeting at Conway, of which she was elected president. The Board of Library trustees have held monthly meetings at the main library.

Secretary.
